Post-Study Questionnaire „AR Sensemaking“ / Interview questions

Date, Time: _____

U1 - Subject ID: _____

U2 -Subject ID: _____

Condition/Session order: 1) _____ 2) _____ 3) _____

General/ Usability Questions:

1. Do you need to layout or classify your documents or images in **daily life or work**?
2. What is your **general impression** of using AR to arrange and classify documents?

Classification/ Workflow

1. How did you proceed with your task? Were there different **work phases/ stages**?
2. Was there a difference between the conditions (individual vs. collaboration)?

Spatiality and Placements

1. What was your general impression of working with/placing the documents?
2. Did you ever use the **spatial relationship between the documents** to represent the classified groups (e.g. between groups and within groups)?
3. Did you use the **size** of the image for classification?
4. Was there a difference between the conditions (individual vs. collaboration)?

Physical Surrounding

1. How did you **feel/ perceive** the furniture in the environment?
2. How did you **use the environment** (e.g., walls, tables, floor) for the documents? (e.g., placing; distributing; and grouping)
3. Did you consider or perform any placements based on **reality/ environments**?
4. Were there any **locations** in the room **that felt particularly natural** for placing your categories? Which ones, and why?
5. Did the physical surroundings **influence the number of categories** you created? In what way?
6. Was there a **difference** between the conditions (individual vs. collaboration)?

Collaboration

1. What aspects did you **like** about working together?
2. What aspects did you **dislike**? (conflicts, frictions, problems)
3. Do you feel the task was easier/ enjoyable when working alone vs. working together?
4. (Optional) We noticed that you did (not) **exchange** many **words** with each other during this part of the session. What was the reason behind that?
5. (Optional) We could observe that you took on **different roles** during the collaborative task. How did this division take place?
6. (Optional) We could observe that you had stood over there for a while (**territorial preferences**). Could you tell us why?
